Introduction

Maryland law requires employers to submit their annual Withholding Reconciliation using the magnetic media format if the total number of 1099 statements meet or exceed 25. We encourage all employers, regardless of the number of 1099s, to file using magnetic media.

The filing due date for 1099 statements/MW508 return is January 31st. If the due date falls on a Saturday, Sunday or legal holiday, it must be filed by the next business day.

The 2021 Maryland Reporting Instructions and Specifications Handbook for 1099s is designed to be used as a companion to the **IRS Publication 1220 Specifications for Electronic Filing of Forms 1097, 1098, 1099, 3921, 3922, 5498, 8935 AND W-2G Tax Year 2021**. Since many functions of the Maryland employer-reporting program are similar to the IRS program, this handbook highlights the special requirements of the Maryland program.

Filing Requirements for 1099 Reporting

Filers having 25 or more 1099 statements must file magnetic media in the IRS format from Publication 1220 Specifications for Electronic Filing of Forms 1097, 1098, 1099, 3921, 3922, 5498, 8935 AND W2-G.

Maryland requires a 1099-G, 1099-R, 1099-S and W-2G for every Maryland payee who receives a payment of \$10 or more during the tax year being reported.

Note: Maryland only requires a 1099-MISC and 1099-NEC from the payee (or employer) when there is Maryland withholding greater than zero.

Failure to comply may result in a penalty of \$100 for each violation. Each 1099 that is not properly filed is a separate violation subject to the above penalty. Failure to comply with Section 13-706 of the Tax-General Article, Annotated Code of Maryland may result in the assessing of additional penalties.

Upcoming Changes and Enhancements

Maryland continues to participate in the Combined Federal/State Filing Program for Forms 1099.

Note: Prior to your submission to Combined Federal/State Filing, the 1099 file must include the modified B record(s) containing the required Central Registration Number (CRN) in positions 715-722.

1099 filers who do not participate in the Combined Federal/State Filing Program, should submit **either** their magnetic media file or paper returns with 1099s directly to Maryland by January 31st, each year.

Announcement – Last Year for filing via Disketts/CDs

Filing Year 2022 (for Tax Year 2021) is the last year Maryland will be accepting magnetic media (Diskettes/ CDs). - Option 1: Manually upload to Comptroller of Maryland SFTP website
- Option 2: SFTP automated server to server transmission in which an IP address will be required to be whitelisted with Comptroller, State of Maryland

Please email SecureTransmission@marylandtaxes.gov no later than October 2022 to obtain your SFTP 2023 Account info along with instructions for setup. In the email, please provide the following:

- Point of Contact Name
- Point of Contact Number
- Business choice of (SFTP) either Option 1 or Option 2 or both

Media Specifications

Diskettes and CDs

The Maryland Revenue Administration Division uses the following criteria in acceptance of magnetic media:

- Diskettes must be double-sided, double-density or high-density, MS-DOS version or compatible operating system.
- All diskettes and CDs must be virus scanned before submission.
- Only *one* file name is allowed. The file name must be "IRSTAX" for 1099 data. Do not add an extension (e.g., ".dat", ".bak").
- The **external** labels must have the company name, FEIN, the proper sequence (e.g., VOL 2 of 3), and type of data (W-2 or 1099). A contact number and name is necessary if the disk arrives damaged.
- Data must be uppercase letters in ASCII.
- Inspect the file prior to placing on media to verify that each record type (T, A, B, C, K, F) starts on a new row.
- File should include record delimiters (CR- Carriage Return followed by LF – Line Feed). Each record delimiter must consist of a carriage-return/linefeed (CR/LF) and placed immediately following position 750. Do not place a record delimiter before the first record (T) of the file.
- Multiple companies can be submitted within one file. Be sure to repeat each set of record types (T, A, B, C, K, F) in this sequence for each company.
- Files may be compressed using PKZIP or WinZip. Please indicate on the label if the file is zipped and a contact name and number to retrieve the password
- Maryland no longer accepts cartridges or tapes.

Updates for Tax Year 2021

Starting in tax year 2021 and going forward, the IRS has removed reporting for nonemployee compensation from Form 1099-MISC, box 7 to Form 1099-NEC. Maryland will follow the IRS guidelines for reporting of nonemployee compensation. Information for submitting this information can be found online at <https://www.irs.gov/pub/irs-pdf/i1099mec.pdf> or in the IRS Publication 1220.

Please keep in mind that the following:

Maryland only requires a 1099-MISC *and* 1099-NEC from the payee (or employer) when there is Maryland withholding greater than zero.

Reminders for Tax Year 2021

1. **The filing due date for 1099 wage/tax statements is January 31st.**
2. It is a requirement to provide the Federal Employer Identification Number (FEIN) and the corresponding Central Registration Number (CRN) in positions 715-722 of the B record. Not providing this information will either delay the processing time or will be cause for the file to be rejected.
3. Amounts reported on a paper Form MW508 are for paper submission only; if you are providing additional information by media, exclude that which was reported on paper. Duplicate filings create a bill, erroneous balance due notices and/or penalty notices for the employer.
4. If you outsource your payroll, please provide the **CORRECT** Federal Employer Identification Number (FEIN) and the Maryland Central Registration Number (CRN).
5. The Comptroller of Maryland will only accept 3 ½-inch diskettes and CD submissions.
6. Flash and thumb drives are not permitted.
7. The Comptroller of Maryland requires a **1099-G, 1099-R, 1099-S, and a W-2G** Form for every Maryland payee that receives a payment of \$10 or more during the tax year being reported.
8. Maryland only requires a 1099-MISC and 1099-NEC from the payee (or employer) when there is Maryland withholding greater than zero.
9. If the payer (employer, organization, etc.) should withhold state taxes that are

reported on a 1099-MISC for Maryland payee(s), then the 1099-MISC should be included in the payer's annual reconciliation for the tax year reported. If there is no 1099-MISC Maryland withholding, then there is no need to submit this 1099-MISC information to the state. This is also true for the Form 1099-NEC.

10. **The Comptroller of Maryland is a participant in the IRS Combined Federal/State Filing Program.** The following resources are available:
 - a. The IRS format from Publication 1220, Specifications for Electronic Filing of Forms 1097, 1098, 1099, 3921, 3922, 5498, 8935 and W-2G
 - b. The Magnetic Media Guide 1099 Instructions and Specifications, Section: "B" Record Modified for Maryland Reporting
11. **If you are participating in the Combined Federal/State filing program, do not send paper or media with the same returns that are being reported to the IRS. The IRS will forward the 1099 information to Maryland. Additionally,** if the IRS includes the 1099-NEC in the Combined Federal/State filing program, then Maryland will accept the 1099-NEC from the IRS.
12. Current and prior year data may be submitted in the same shipment however, each tax year must be on separate media.

Most Common Errors to Avoid

- Failure to include the “A” record.
- Failure to include the Federal Employer Identification Number (FEIN) on the “A” record, position 12.
- Failure to modify the B record to include the required Central Registration Number (CRN) in positions 715-722 or failure to place the required Central Registration Number in the correct location.
- Failure to include the “C” record containing the MW508 information.
- Using the Unemployment Insurance number instead of the Maryland Central Registration number.
- Using the FEIN instead of the Maryland Central Registration number.
- Sending PDF, MSWord or Excel 1099 files on media. These are not acceptable formats. This will result in a failed submission and may cause erroneous balance due notices and/or penalty notices.
- Failure to include record delimiters (CR- Carriage Return followed by LF – Line Feed). Each record delimiter must consist of a carriage-return/linefeed (CR/LF) and placed immediately following position 750.
- Failure to verify each record type (T, A, B, C, K, F) starts on a new row.
